About BHEL, Visakhapatnam

HPVP (Heavy Plates and Vessels Plant) is the 17th manufacturing unit of BHEL (Bharat Heavy Electricals Limited). BHEL is under the Department of Heavy Industry, Government of India. It has been catering to the specialized equipment & plants required for oil refineries, fertilizer plants, steel plants, defence sector etc.

Customer Requirement

BHEL Visakhapatnam is a Heavy Plates and Vessels Plant, who needs reliable IP based Surveillance system for the Plant which are needed to be recorded 24/7 and also want to cover every corner of the area. And also track the activities happening around the Plant.

Solution Offered

After understood customer's requirement for Surveillance with Recording features and Live view, we have given them Milesight PTZ Cameras along with the Milesight NVR various locations in the Plant. The system is so user friendly that IT team of Customer can manage and operate the Surveillance system with ease.

Challenges Faced

To put our Brand models in the tender specifications and to make sure that we could compete for prices to become L1. Cohesive offered them the solution which suits customer budget and fulfil all the requirement in one box solution without any extra hardware or License cost.

About Cohesive Technologies

Cohesive Technologies is a renowned Global Telecom service provider working on the platform of IP and VoIP. We are working with our technology partners like 2N, Akuvov, Akubela, Cyberdata, Epygi, Grandstream, Guardian Telecom, Milesight, Snom, Tonmind, Wi-Tek and Yeastar who support us in offering innovative products and solutions for the premise or Cloud-based requirements.
