CASE STUDY

About Evergreen International

At Evergreen International, we take pride in our years of expertise and experience as a leading furniture manufacturer. Our primary mission is to deliver the finest products and services to both retailers and customers. In an ever-evolving industry, we understand the significance of staying current and continually improving.

Customer Requirement

- They were looking at a future proof, cost effective, flexible and easy to operate Video Conferencing Solution, which should help them to communicate with 3rd party apps like teams, zoom remote branches without any interruption
- Some times using H.323 as well as the ucm protocol sip RFC3261

Solution Offered

- Grandstream Boardroom Video Conferencing solution to meet the above expectation. Our ability to deliver the solution in totality and to ensure 100% uptime
- As expected from their high profile client across their multiple locations in India as well as their overseas locations.
- A Proof of Concept demonstration at Gurgaon Head Office with complete integration of GVC3220 with GMD1208 & we successfully connected our device with their existing video conferencing device over the H.323 feature, Android apps integration with Teams.

Challenges Faced

Competitors like Polycom, Avaya are in race and Customer was satisfied with Grandstream.
