About Oswal Minerals Limited

The OSWAL GROUP, are a leading trading house dealing in various Low Carbon and High Carbon Ferro Alloys, Nitrogen bearing Ferro Alloys, Virgin Metals, Stainless Steel Scraps, Super Alloy Scraps, Rare Earth Metals, Inoculants, Minerals, Ferrous and Non-Ferrous Metal Scraps, Refractories and allied products.

The group is headed by thorough knowledgeable persons who have vast experience in this field for more than three decades and are successfully catering to the various requirements of Foundries, Steel Plants and Other Industries.

Customer Requirement

- They were looking for a smart office solution for their administrative block.
- Their main motive was to do intercom as well as outbound, inbound calling by using the existing Siemens EPABX with SIP license and Grandstream IP Phones.

Solution Offered

- We did supply GXP1625 and GXP1628 to them.
- They are doing their inter communication as well as outbound and inbound calls also smoothly.
- They are using their existing EPABX SIP license based along with our IP phones. We are trying to pitch our other products as well.

Challenges Faced

No challenges were faced by us and our partner at all. It was totally a fresh installation.

About Cohesive Technologies
