CASE STUDY

About CIDCO (NRI Society, Seawoods Darave)

CIDCO is an acronym of the City and Industrial Development Corporation of Maharashtra Limited (CIDCO). Completely owned by the State Government incorporated as a company on 17th march 1970 it is a public sector undertaking of the Government. CIDCO is notified by the State Government as the New Town Development Authority (NTDA). The Government later widened the scope of CIDCO's activities delegating the responsibility as the Special Development Authority (SPA). Today CIDCO has earned a reputation as the premier town planning and development agency in the country.

Customer Requirement

They wanted a single Box equipment where in, there would be ports for Internet as well as for Analog phones, which will work on IP.

Solution Offered

For sure this deployment was successful and it was a whole new system for them , they have never been using a an analog phone with IP connection and calling on IP, so this was very new for them.

The End User now don't have two other lines for Their Landline phone and for internet, they can use internet as well as landline from the same router which cut their call cost.

Based on the requirement these are the products offered to them:

- ✓ UCM6208 UCM6510 IPPBX

This IP PBX series allows businesses to unify multiple communication technologies, such as voice, video calling, video conferencing, video surveillance, data tools, mobility options and facility access management onto one common network that can be managed and/or accessed remotely. The secure and reliable UCM6200 series delivers enterprise-grade features without any licensing fees, costs-per-feature or recurring fees.

About Cohesive Technologies
